

**TONIGHT - ICT - Information and Communications Technology in the Classroom - February 19 19:30 Zoom**

Union member Kurt Duvall will host a union Zoom to discuss ICT - Information and Communications Technology in the classroom. He will give a short presentation regarding thoughts on using ICT in your lesson plans, as well as some examples of ICT lesson activities that have proved to be effective. After that, we hope that participating members will share some of their successes or failures using ICT in the classroom so we can all benefit from others' experience. The use of ICT is an issue for all grades, one through university, so anyone is welcome to participate, including members from all branches of the GU.

**No need to RSVP! Join us on Zoom:** <https://zoom.us/j/91718897667?pwd=cmJpNmVpMlVqOUlBcHRwdUx2a0k5UT09>
